DESIGN BUILD LLC

P.O. Box 1116 • Oriental, NC 28571 • 252-671-2700

Creating your dream home, no matter how big or small, should be one of the most exciting and rewarding experiences of your life! Carolina Design Build has worked hard to earn a reputation for excellence in building custom homes in the Pamlico County area.

Carolina Design Build is a custom home builder specializing in personal hands-on project management from start to finish that ensures our commitment to quality that makes a house -- "Your Home!"

We focus on up-front planning to take clients through a successful, well-designed and built project. We strive to offer personal, knowledgeable, expert attention to each client.

We do this by staying abreast of the latest technology and materials. We continuously explore the practical applications of sustainable 'green' design and construction methods. Energy efficiency, efficient use of materials and waste management, water conservation, healthy living environment and durability of materials are the major components of each and every project.

Greg Teets has been in the building and construction business for over 20 years. He is known for his attention to detail and quality workmanship. Greg's reputation in the construction business is a result of understanding our client's needs. You can be assured that we continue to provide a strong work ethic, on-site management and aggressive time management skills that far surpass that of most in the local industry today.

We offer 'turnkey' service; taking care of all inspections from footing to final approvals. We provide a one year warranty on all craftsmanship. Most of the materials and components used in our projects also carry warranties.

With our daily hands-on commitment and demand for quality, we bring the homeowner's dream to reality on time and within budget.
